

How Do I Know If I Am Up to Date With the COVID-19 Vaccine?

As of September 12, 2023, bivalent COVID-19 vaccines are no longer authorized by the U.S. Food and Drug Administration (FDA).

Anyone 5 years and older is considered “up to date” with COVID-19 vaccinations if they have received one dose of the 2023-2024 updated COVID-19 vaccine.
