

Simple Strategies Stand-Up

Healthy Bites & Insights: Lunch with the HQI Pharmacist

**Build Vaccine Success and Confidence Through:
Sharing, Role Play, Education and Teams**

Session 4: Vaccine Overload: Making Sense of the Madness

2/18/2025

Logistics – Teams Webinar

To ask a question, click on the **Q&A** icon.

Raise your hand if you want to verbally ask a question.

Resources from today's session will be posted in **Chat**.

You may adjust your audio by clicking **Audio Settings**.

You have been automatically muted with video turned off.

Your Team

Allison Spangler,
BSN, RN, RAC-CT, QCP
Consulting Manager

Cindy Warriner,
BS, BS Pharm, RPh, CDCES
Senior Consultant Pharmacist

Judy Carte,
BSN, RN, GERO-BC, LNHA
Quality Improvement Advisor

Mary Locklin,
MSN, RN, CIC
Senior Quality Improvement
Advisor-Infection Prevention

Goals/Objectives for Series

- Decrease risk of F887 citations
- Entertaining role play addressing real life scenarios
- Discuss common fears and misconceptions about vaccines in a supportive environment
- Get your vaccine related questions answered in real time by HQI's pharmacist

Polling Question

What processes/policies do you have in place to keep administration and staff updated on vaccine standards/recommendations?

- A. Leadership (DON, IP, Administrator) is point person for external information
- B. Use external partners to keep up to date
- C. No organized process
- D. DON and/or IP keep staff up to date
- E. Use external partners to educate staff

Carol & Mary

Discussion

- What are some ways you keep up with the recommendations?
- How could staff education have been improved?
- What else can be done to assist in keeping updated information delivered in a consistent process?
- How would these needs be met in your facility?
